Lab Exercise 1– Install Terraform on Windows

Verify Windows Terraform Installation

terraform -version

```
Microsoft Windows [Version 10.0.22621.3155]
(c) Microsoft Corporation. All rights reserved.

C:\Users\Gopik\Documents>terraform -version
Terraform v1.7.3
on windows_amd64

Your version of Terraform is out of date! The latest version
is 1.7.4. You can update by downloading from https://www.terraform.io/downloads.html
